LATE CANCELLATION/NO SHOW POLICY

PLEASE READ CAREFULLY

We pride ourselves on our one-on-one approach with therapy and your successful outcome with physical therapy. We realize that emergencies and other scheduling conflicts arise and are sometimes unavoidable, however, advance notification allows us to fulfill other patient's scheduling needs and keeps the clinic operating at it's most efficient level. Missed appointments have a significant impact on the outcome of your physical therapy results as well as to the clinic and other patients.

- 1. Please provide our office with 24-hour notice to change or cancel an appointment. Patients who do not attend a scheduled appointment or do not provide 24-hour notice to change a scheduled appointment will be responsible for a \$50.00 office visit charge. This charge cannot be billed to insurance and must be paid on or before the next scheduled appointment.
- 2. We reserve your appointment time just for you so that we may provide optimum treatment outcomes for all of our patients. 24-hour notice allows us to place another patient in your canceled appointment period to receive needed treatment.
- 3. Certain accident claims adjusters expect regular attendance to physical therapy as requirement of an approved treatment plan. If appointments are missed or canceled on a regular basis, it could affect the status of your claim. Your treatment plan has been established by your medical practitioners to get you back to your regular activities as quickly as possible. Missing appointments hinders that process and may end up prolonging recovery.
- 4. After missing 2 appointments without notice, you may be placed on a same day scheduling policy for your treatments, which would not allow you to schedule any appointments in advance.

Thank you for providing our office and our patients with this courtesy. Signing below indicates you understand and agree to the terms of this policy.

To All Patients:

We are not required to issue each patient his or her own set of electrodes for electrical stimulation treatment performed in the clinic. However, you have the option to purchase your own electrodes for personal/hygiene reasons. There will be a one-time fee of \$10.00 payable upon your first treatment. This is not covered by health insurance.

In the event the physical therapist deems it necessary for you to obtain your own electrodes for medical conditions such as an open wound or skin rash, you will also be responsible for this one-time fee of \$10.00.

If you choose not to purchase your own electrodes, you will be using community electrodes which will be disinfected and also used by other patients.

AS OF JANUARY 1, 2018 MEDICARE HAS A THRESHOLD ON THERAPY SERVICES

Medicare has a threshold of \$2,010 per calendar year for combined Physical, Occupational, and Speech Therapies (As of 1/1/18)

Purcellville Orthopedic Physical Therapy will try to assist you in monitoring your Medicare therapy benefits. When you receive an explanation of benefits from Medicare, it will contain a section to inform you of your therapy benefits for the year. When your benefits are **approaching \$2,010.00**, you should notify us so that we can assist you in your decision to continue therapy. For most diagnoses, Medicare will deem treatment medically necessary and will **cover up to \$3,000**.

If you should need treatment after you have reached your threshold limit for this year, you may continue to be treated in our office and will have to pay for services out of pocket or through a secondary insurance. Please review the benefit summary of notice given to you by our office to verify if your secondary insurance covers services beyond the Medicare threshold. Services received in the inpatient department of a hospital are not subject to the therapy cap, so you may continue your treatment at such a facility.

You may also be eligible for full ongoing benefits according to your diagnosis. Please discuss this with your Practitioner.

I have read and I am aware of the Medicare therapy cap described above.
